Chairman and Chief Executive Officer Randolph L. Marten said, "To each of our over 4,100 talented, hardworking drivers, maintenance personnel and employees across all functions and regions, you should be extremely proud of the strong results that you consistently drive, and of the record operating income in the second quarter that you earned. I sure am. Within an environment of significantly fluctuating customer freight volumes, we improved our Truckload miles per tractor by 4.8% over the second quarter of 2019 through our adaptive, continual redeployment of our drivers to match the changing freight demand by lane while minimizing empty miles. We plan on pursuing profitable growth opportunities in the second half of this year. We embrace our responsibility to keep our valued employees safe and healthy as they each contribute to our transporting and distributing the food, beverages and other consumer goods essential to millions of people in North America."

"I am also pleased to announce this stock split which reflects our continued strong financial condition. The increased number of outstanding shares should increase trading activity, or float, in our common stock while our stockholders benefit from the 50% increase in our quarterly dividend cash payout."

The three-for-two stock split of the company's common stock will be effected in the form of a stock dividend payable on August 13, 2020 to stockholders of record as of July 30, 2020. Holders of the company's common stock will receive an additional one-half share for each outstanding share of common stock held as of the record date. The stock split will increase the number of outstanding shares of common stock from approximately 55.1 million to approximately 82.7 million shares.

The regular quarterly cash dividend of \$0.04 per share of common stock will be payable on September 30, 2020 to stockholders of record at the close of business on September 16, 2020. This is Marten's 41st consecutive quarterly cash dividend. With the payment of this dividend, Marten will have paid a total of \$93.6 million in cash dividends, including special dividends totaling \$52.1 million in 2019 and 2012, since the dividend program was implemented in 2010.
