Executive Chairman Randolph L. Marten stated, "Our talented and determined people capitalized on the continuing tight freight market to hit the trifecta this quarter, producing our highest operating revenue and operating income for any quarter in our history, along with our best operating ratio, net of fuel surcharges, for any quarter since we became a public company in 1986."

"We also provided momentum to the rest of this year to continue our consistent, strong profitable growth. We began this year's second quarter with 128 more of the industry's top drivers than we employed at the beginning of the year, despite the unrelenting national shortage of qualified drivers. We also added 95 refrigerated containers during the first quarter, increasing our fleet to 729 containers as of March 31st."

"Additionally, reflecting our confidence in Marten's financial strength and commitment to enhancing stockholder value, we repurchased and retired 1.3 million shares of our common stock for \$25 million and increased our regular quarterly cash dividend by 50% during the first quarter of 2022."
